

License

1. The Regular License grants you, the purchaser, an ongoing, non-exclusive, worldwide license to make use of the digital work (Item) you have purchased. Read the rest of this license for the details that apply to your use of the Item.
2. You are licensed to use the Item to create any number of End Products for yourself or for your clients, and the End Product can be distributed for Free.
3. An End Product is a work that incorporates the Item as well as other things, so that it is larger in scope and different in nature than the Item.
4. You can modify or manipulate the Item. You can combine the Item with other works and make a derivative work from it. The resulting works are subject to the terms of this license. You can do these things as long as the End Product you then create is one that's permitted under clause 3.
5. You can Sell the End Product to your clients, but not the Item itself.
6. You can use the Item in any application allowing an end user to customize a digital or physical product to their specific needs, such as an "on demand", "made to order" or "build it yourself" application.
7. You can't re-distribute the Item as stock or with source files. You can't do this with an Item either on its own or bundled with other items, and even if you modify the Item. You can't re-distribute or make available the Item as-is or with superficial modifications. These things are not allowed even if the re-distribution is for Free.
8. This license can be terminated if you breach it. If that happens, you must stop making copies of or distributing the End Product until you remove the Item from it.
9. The author of the Item retains ownership of the Item but grants you the license on these terms.
